"OCTOBER IS NATIONAL APPLE MONTH"

Halloween is fast approaching again. This is the time for Trick-or-Treating, scaring folks and telling the children ghost story. Tuesday night, a trick-or-treater turned the tables on us. A knock at the door was from a big bad witch who was GIVING out candy and apples rather than asking for them. This lady was fully dressed for the part of a witch, and after leaving her apples and bags of assorted candy and gum, she departed on her four-wheel motor and broom! This fine lady said not a word after asking for the Cox children: she didn't even wait to watch the excitement as they emptied their bags on the table. Thank you, ole witch.

President Sadat is visiting in this country this week asking for weapons. Of course, he is bad-me thing Russia to his "friends in America," and we are eating it up. Elba was well represented in the Peanut Festival last week. Krista Dyess started it off Wednesday night by being named second runner-up in the Little Miss Peanut. Those who saw it say she looked like a darling. That I don't doubt - and in a discussion with her dad (Tom Dvess) Thursday, I assured him it all came from her mother, the former Elizabeth Fuller. Well, Tom just smiled and agreed, but that ain't like Tom he always has some argument for me whenever I make any

Saturday Elba had a float in the parade. This cost us taxpayers \$500. It is always hard to determine the results of public relations money spent, and the value of Elba having a float in the Oothan parade is no exception. However, Miss Zion Chapel, Miss Kinston and Miss New Brockton were invited to ride on the Elba float, and now the value becomes a little more clear. These people are as much a part of Elba as those living in the city limits - they work here, visit here and spend their money with local merchants - and pay the same sales tax everyone else pays, There was no better way to say thanks last week than to invite their chosen beauties to join our girls in Dothan! Someone at City Hall was thinking on that matter and I salute

Several weeks ago I joined Police Chief Johnston on a rescue the man was choking. It turned out he was just drunk, and I am glad, cause if he had been sick, all I could have done was hope again on a transfer to Montgomery, but finally two regular members were found. All this is leading up to a plea for local citizens to offer their help to the Rescue Squad. Some of us feel we have done our part when we give the road blocks a greenback or some pocket change, but someone has got to do the actual work. Daytime is when it is most critical. Working people can't always be sitting by a telephone waiting for a rescue call.

I beg you, if you feel you could help even once in a while, get up with these folks and offer your help. Heck, it might be me that needs help next time.

Last Thursday afternoon I wandered down to the football field to snap a couple of nictures of the powder-puff football same be filtering down to the County to snap a couple of pictures of the powder-puff football game Now, these girls were following rules of not tackling but pulling the red flag out of the runner's back pocket. Plan your first \$100,000 now

If you're young and have a promising future. You'll probably earn more than \$600,000 between now and retirement. perhaps a million or more. But right now money can be a problem. How can you provide security for your family? Metropolitan's Decreasing Insurance Whole Life policy gives you the answer.

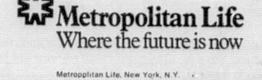

For example, a young male age 25 can

set up an initial estate of \$100,000 for \$40.00 a month! At age 30, \$42.00. Part of the \$100,000 is permanent insurance, most is term. At given times some of the term insurance ends and you can replace it with permanent insurance. This increases the premium during the years when you expect your earnings to increase. James, Executive Director of the Corporation, explained that there have been many instances o older people being found who have been dead for several days. Some of these peoples lives could have been saved if there had been someone to check on them daily.

The Human Resource De-

Mrs. James stated that, with this program, volunteers will make daily phone calls there is no answer to the cal or if the volunteer feels the person needs help, the volunteer will call the HRDC Neighborhood Center and a staff member will make an immed iate visit to the person's home This service will be available to any senior citizer

living alone, regardless of income level. Through the cooperation of General Tele phone Company, some senior citizens with low or fixed incomes may be able to secure waiver of the deposit fee. Persons interested in utiizing or volunteering to aid in this service are urged to contact the nearest HRD0 Neighborhood Center. Mrs James emphasized that this is an ideal way for a housewife or someone who is house-bound to help others without having to leave their home. EDITORIAL

The editorial for this week is not one that is overlooked, just that is taken for granted, or just not paid any attention. It is one of great expense and of great injustification. the parking lot you've probably seen what I'm talking about, that is all the people sitting on all the cars or just the shiniest one they can find to park themselves on!! Well, if you'll notice it is mostly those not old enough to drive or those who don't bring cars to school. Partly because they don't want them scratched! Well, if you've ever had a paint job done on a car like have, you'll probably agree that it is not really run, with all that sanding and pre-
